Broken Road Productions Adds Texas Country Duo Calamity Janes to Roster

Ellis County, TX — Broken Road Productions is proud to announce the addition of Texas country duo **Calamity Janes** to its growing artist roster, reinforcing the company's commitment to authentic, independent country music.

Known for their bold songwriting, gritty Texas edge, and unmistakable blood harmonies, Calamity Janes have carved out a distinctive place in the Texas and Red Dirt music scenes. Rooted in church music and influenced by bluegrass, classic country, soul, and rock, the duo delivers a sound that is both timeless and unapologetically modern.

Calamity Janes have seen continued success on Texas Regional Radio, with multiple singles charting in the Top 40 and a steadily expanding fan base across the region. With new music and expanded touring plans, the duo is positioned for significant growth.

"Calamity Janes bring authenticity, heart, and a clear artistic vision—qualities we value deeply at Broken Road Productions," said **Carleen Sparkman, Creative Director** for Broken Road Productions. "We're excited to welcome them to the roster and help amplify their story and sound on a broader stage."

With Broken Road overseeing artist management and creative strategy, the partnership focuses on elevating the duo's national presence while preserving the Texas roots and independent spirit that define their music.
